

The image contains two technical diagrams of bores. The left diagram, labeled 'E' at the top, shows a 'Zylindrische Bohrung' (Cylindrical bore). It features a central vertical axis with a dashed line. The total height is labeled 'D' on the left. The width of the top and bottom sections is labeled 'B' at the top. The height of the top section is labeled 'd' on the right. The right diagram, labeled 'E K' at the top, shows a 'Kegelige Bohrung' (Tapered bore). It has the same central axis and total height 'D' on the left. The width of the top section is labeled 'B' at the top. The top section is shaded blue, and the bottom section is also shaded blue. The middle section is white.

Zylindrische Bohrung
