

A schematic diagram of a double-row ball bearing. The diagram shows a cross-section of the bearing with two rows of balls. The outer ring is shown in blue. The balls are shown in grey. The dimensions are labeled as follows: B is the width of the bearing, D is the outer diameter of the outer ring, and d is the diameter of the balls. The balls are arranged in two rows, with the balls in the top row slightly offset from the balls in the bottom row.
